

Circular 003/26

High Tech Ordering and Management System (High Tech Hub)

21st January 2026

Dear Pharmacist

The next deployment of High Tech drugs to the High Tech Hub is scheduled to take place on 1st of February 2026. From that date the drug codes listed in Appendix 1 will be added to those that are already available for ordering via the hub for eligible patients. The drugs scheduled for deployment are licenced for use across a number of therapeutic areas.

The most efficient way to place orders is to use the Hub to set up your preferred high tech supplier(s) or alternatively you can select a preferred supplier(s) at drug level. It is vitally important that you set up your preferred supplier as soon as you access the Hub for the first time. Should you have any queries the support team in the High Tech Co-ordination Unit can be contacted by email at pcrs.hitech@hse.ie.

Please note reimbursement will only be facilitated for orders through the hub for the listed 'hub only' high tech medications. An up to date list of 'hub only' drugs is available in the 'Help' tab of the High Tech Hub. Any High Tech drug available for ordering through the hub but ordered via a separate mechanism will be treated as a private transaction and will result in the pharmacy being liable for payment.

We are continuously updating our User Guide and FAQ documents and these are available under the help section on the High Tech Hub application. Please ensure you inform your staff and locums of this process.

I would like to take this opportunity to thank you for your continued co-operation and support regarding the High Tech Hub.

Yours Sincerely

Shaun Flanagan

Primary Care Reimbursement Service

Appendix 1

Drug Code	Drug Name	INN
89335	Verzenios 50Mg Film Coated Tablets	Abemaciclib
89336	Verzenios 100Mg Film Coated Tablets	Abemaciclib
89337	Verzenios 150Mg Film Coated Tablets	Abemaciclib
